

Maintenance Technicians

You will be interested in mechanical and electrical maintenance activities of ENERCON wind turbines, according to the plans of the headquarter and in order to guarantee the high company standards. In addition, you will collaborate within the Team for extraordinary maintenances aimed at restoring the functionality of the wind machines.

Your responsibilities

- The main place of work will be the wind farms located in Campania (Salerno and Benevento) and Puglia (Foggia).
- The type of contract will be defined according to the real experience gained in the role.
- You will join a highly professional multinational company context, where you will be continuously trained and updated in order to improve your skills and expertise.

Your qualifications

- Strong technical background acquired through a Professional Diploma, preferably in the electrical field
- Electrical skills and knowledge of electrical instruments: e.g. electrical panel maintenance, schematic reading, use of analysis and measurement instruments.
- Electronic skills: e.g. electronic circuit boards, automation applied to machines, etc.
- Mechanical skills: e.g. knowledge and use of common industrial equipment, welding skills, etc.
- Hourly flexibility and availability even during weekends, for scheduled on-call shifts
- Availability to travel periodically throughout the country and abroad
- Passion for the wind field and strong aptitude to learn
- Medium knowledge of English and/or German language at least
- B driving licence
- Familiarity with the use of the PC and the most common applications
- Previous experience of 2-3 years in the wind energy sector or in electrical/mechanical maintenance or industrial electrical systems.

DRIVING THE FUTURE

Innovative ideas are the hallmark of our successes and move us on. We are passionate about realizing wind energy projects across the globe and meeting tomorrow's energy technology challenges. You and your engagement can make a contribution to shape the future of renewable energies.

APPLY NOW!

Are you interested? Then please submit your application (CV, motivation letter, certificates, earliest starting date and your salary expectation) via email to: application-it@enercon.de.
